COTTON MATTERS ARE DISCUSSED AT TEMPE

Joint Boards of Trade Consider Sending Men to European Cotton Markets this Season

With every Board of Trade of the valley represented the joint meeting held in the council chambers of Tempe yesterday afternoon proved one of interest and value to the Salt River Valley. The meeting was well attended there being sixteen representatives present as well as several other interested parties. The Phoenix Board of Trade were represented by Harry Welch, C. T. Hirst, Sid Henry, and Vernon L. Clark; Chandler by G. T. Peabody; Mesa by J. L. Warren, W. S. Dorman, A. Barrett and W. L. Sirtan; Scottsdale and Ralph Murphy from Glendale and from the local board of trade were C. H. Walterhouse, W. H. Wilbur, Howard Brown, John Birchett and C. G. Jones.

The members assembled, as well as representing the various boards, were also members of the several cotton growers' organizations of the valley, and the meeting yesterday was principally devoted to discussing matters of importance to cotton growers. The question under consideration was the advisability of the local organizations sending a man to Europe this season to help dispose of the cotton crop of the fall. The matter was taken up from both sides and the general consensus of opinion seemed to be that Salt River valley should be represented in the larger mill centers of Europe, but, at the present time, that the matter should be continued until further advice could be received upon it. It was decided to correspond with McFadden brothers, who handled last year's crop, and again from them something of their plans regarding the handling of this year's growth. It is possible that at a later meeting the organization may combine and employ a representative whose duty it will be to visit the mill centers and act as a salesman for the farmers of the Salt River Valley.

Egyptian cotton from this valley has won a wide reputation in European markets and by placing it before the millers it is certain to bring larger returns.

RETURNED FROM THE COAST. Ben Harris returned yesterday morning from a seven-day trip to the Pacific coast. He visited most of the time in Los Angeles and Long Beach, but found time to take in many things of interest and incidentally enjoy the sea breezes.

FROM FLAGSTAFF. Prof. Dodge, a member of the faculty of the American Northern Normal school, visited yesterday at the local Normal visiting. He addressed the student body at general assembly.

RATHER WARM IN TEMPE. Many local people noticed that Thursday was a rather warm day, and upon investigation found that the local government station registered 59 degrees of heat. This is the hottest day of the year and is getting well into summer.

ATTEND POULTRY ASSOCIATION. A number of Tempe poultry raisers will journey to Phoenix for the purpose of attending the poultry association meeting at the Board of Trade in the afternoon.

A SPLENDID RECORD. In the first five days of work the local registration officer, L. E. Pafford, has registered four hundred and seventy-five persons. This is a good showing and at this rate the entire voting population of Tempe and surrounding country will soon be placed upon the great register. Out of the number recorded about thirty-five per cent are women, the men outnumbering the women by a considerable majority. However, the final returns will show a difference, the women will increase in number.

TO THE HOT SPRINGS. C. M. Mullen and Geo. Compton leave today for a trip to Agua Caliente where they will spend the next few weeks. They will make the trip by wagon taking their time and camping along the way. On reaching the springs they will establish camp, enjoy the baths and hunting, remaining as long as the life is of interest to them. It is possible that they will not return within a month and may stay away longer.

inary hospital, where he will have equipment and means for operations of all nature as well as adequate treatment for all equine and canine.

The new hospital is to be located on the Foster property at the corner of Fourth and Maple directly north of Buck's stables. The doctor will also have offices at this location. The hospital equipment will include among other modern apparatus an up-to-date operating table on which all cases can be handled.

Dr. Cheely plans to install extensive kennels and care for dogs as a part of the work of the hospital. Also he will probably purchase a few fine breeds of dogs for his private kennel.

Dr. Cheely is taking a step no other veterinary has ever taken on the South Side. Every Wednesday and Saturday afternoon he offers free clinic for the poor. On these afternoons all cases no matter how serious in either horse or other animals, will be treated free of charge.

The new quarters will be ready for occupancy toward the latter part of next week.

OFF TO THE SOUTHERN COUNTIES

Prof. A. J. Matthews left last evening for a tour of inspection of the principal schools of the southern part of the state. Today he is spending in Tucson visiting the institutions of that town. Tomorrow he will leave for Nogales where on Saturday evening he will deliver the commencement address at the Nogales High School. From this city he will go to Bisbee and Douglas where he will spend some time in the schools and then to Yuma, if time permits, and home again.

While away Mr. Matthews will keep the interest of the Normal in mind and his trip will probably bring a large number of students here next year. He will also help the schools along the way in securing competent teachers for next year.

PROGRAM TONIGHT

At the Goodwin tonight the following pictures will be run: "Tory of the Regs," an Irish romance in three parts, which is proving very popular, and "The Motor Bug," a comedy.

FOUND HIMSELF PERSONA NON GRATA AT BATHS

Tells Strange Tale of Experiences and Swears out John Doe Warrant

Arthur E. Bradley and brother of Chandler swore out a warrant in Justice Irwin's court yesterday forenoon charging two or three of the residents of the San Marcos town with assault. Bradley tells quite an exciting tale of the entire proceedings. He not only gives a vivid account of the alleged assault but he also carried a badly bruised head to substantiate his claims.

According to Bradley he removed to the town of Chandler a few weeks ago with his wife, child and brother. He purchased a lot west of the school house and took up his residence there. He alleges that there is a bath house in Chandler and that he had not been there but a few days until one of the men near the bath house invited him to take a plunge. He did so and evidently enjoyed the entertainment for he returned a few days later so he says and enjoyed another plunge in the artificial surf. He states that he had heard much about the public baths of the cities and that he became firmly possessed of the idea that it was a public bath supported at Chandler.

Only a day or so ago according to Bradley, he went back to the artificial pool where he had been refreshed before as the notion had come to him, and at which time the assault was alleged to have taken place. He states that his brothers were with him and that while he was at the pool a man approached him as though he was going to address him when all of a sudden the signs of the zodiac whirled before his eyes with kaleidoscopic precision. He turned in time to see his brothers leaving the premises very rapidly. He also, so he stated to the court, gathered from the actions of the man and the words that he spoke to him, that he was not wanted at the pool. He exclaimed that there were no women bathers at the pool at any time that he was there nor that there were any signs saying that it was a private place. He feels that he has done no wrong and that his assailants should be severely dealt with. The other side of the story, will be brought out at the trial.

LIQUOR CONFISCATED

In the rear room of Judge Irwin's office, in a very ordinary looking barrel there reposes many bottles filled with an amber colored liquid, tin ped and with a label imparting the information that the contents is known as "Budweiser". There are a number of statements relative to the particular merits of the beer all of which are arguments in favor of giving up the use of water for all purposes with the exceptions of irrigation. Not only are the bottles alleged to contain beer in so far as the labels are concerned but one of them at least says something about "cocktails".

The sniffling snail had just about made up its mind to rumble down behind the jumping off place in the seat making the shadows of the reinforced pergola columns in front of Chas. Quinn's American Kitchen look long and blank, when Officers Burton and Peyton, hearing noises indicating the presence of elixir that sparkles and also cheers, walked back along the long row of tables to the little room in the rear and there found three men busily engaged in conversation. The room presented a warlike scene with dead soldiers lying here and there. Peyton was left to watch and Burton secured a search and seizure warrant with the result of the aforesaid mentioned barrel and the contents being taken to the judges office. Quinn has put up a bond of \$150 to appear Monday.

JONATHAN CLUB CASES SET. The preliminary arraignment of Paul Arwood and Al Corner of the Jonathan club will be given a hearing before Judge Irwin this morning at 10 o'clock. The defendants as well as the state's attorneys announce that everything is in readiness and that the trial will probably proceed.

SOCIAL EVENT

Mr. and Mrs. George Scott and Mr. and Mrs. Robert Scott entertained Thursday evening in the home of the latter with one of the most elegantly appointed functions of the social season. Bridge furnished the diversion for the evening.

AFRICAN HUNT PICTURES

John Doe was fined \$10 in police court yesterday for riding his motorcycle without lights. He appeared in court paid the fine and explained that his lamps were without oil.

FINANCE AND MARKETS

(Associated Press Service)

NEW YORK, May 8.—Professional traders disregarded the old axiom of Wall street that it is never safe to sell in a dull market. The last few days were unusually dull that speculators were eager for action and as conditions favored the short side, they sold stocks. They succeeded in pulling away the list from its dead level and at the end of the day there were numerous declines of 1 to 3 points. London prices for American stocks were lower and there was some selling of Canadian Pacific for foreign account, although European operations here were not on a large scale. Continued weakness of a few stocks, particularly Missouri Pacific and Chesapeake and Ohio, disturbed the whole market. Another cash gain is expected as a result of the week's currency movements, which indicate an increase in holdings of New York banks about \$5,000,000. Time money rates again yielded. The demand for sterling reached another high point and further engagements of gold is predicted. Bond prices were lower. Total sales represented a par value of \$1,965,000. United States bonds were unchanged on call.

His Little Page. The handsome Norma Talmadge appears in a Vitaphone feature picture at the Lamara today that is out of the ordinary. From an artist's model she transforms herself into a page to escape papa's wrath, and wearing the cutest page's get-up imaginable, Leo Delaney is the artist. Essanay contributes a two-reel feature, "The Wheels of Fate," Pathe's Weekly, No. 20, completes the bill.

Girtle Show Coming

Harry Bernard and his bunch of girtles, who are a merry-making crowd, will open at the Empress on Thursday next in a line of warmhearted comedy. The company is the oldest musical vaudeville organization now doing business. It has been making a great run at Oakland, Bermond.

known all up and down the coast as a live-wire producer. The latest songs and costumes, with some new ones in the joke line never before sprung in this section, are promised.

The Savoy

"Three Married Men" is still the bill at the Savoy for the end of the week. It is merely a title for an opportunity to put across a number of chorus stunts that take the audience by storm. Great things are expected of next week's bill because of the additions to the company. New faces are attractive. The swimming tank is going ahead and will be finished soon.

School Kids' Matinee

Manager Brady has made arrangements for a school children's matinee at the Empress this afternoon beginning promptly at 3 o'clock, when all the kiddies will have a chance to see the wonderful Rainey African hunt pictures. There are six reels of these pictures, and they will take the youngsters by storm without a doubt.

Vaudeville Extraordinary

The bill at the Coliseum can be denominated as "vaudeville extraordinary" without shading the truth in any sort of particular. The big acts that have pleased the people this week will be seen three nights more before the break. That the crowds will be record-breaking goes without question. The bill is clean and snappy. Tomorrow and Monday at the Avenue.
